# Pro Series MMA Mat

The Zebra 2" Pro Series MMA Mat is the undisputed champion of mats—no other mat can compete on quality, safety, durability, or performance. The 2" Pro Series MMA Mat is designed for the professional MMA or fight school that requires the ultimate protection from high falls, slams, and throws; yet, is firm enough for stand-up martial arts training. It eliminates the need for a sub-floor as the added protection is built right into the mat. Available in Black, Red, Blue, and Gray.

The Zebra MMA Mats are made with a high-quality, multi-density rebonded foam core that provides superior impact protection (six times more foam protection than the competition), while its softer foam core makes it perfect for those lengthy rolling and grappling sessions. Zebra's MMA Mats feature a smooth **non-slip vinyl surface** that eliminates mat burns and makes them easy to clean. The MMA Mats come complete with an anti-skid bottom for stability. Utilize the Zebra MMA mats to mat your entire training center or simply the inside of your cage area.

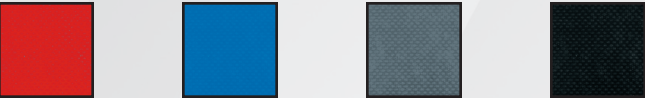

Designed for professional MMA gyms where only the best matters.

- High Impact Protection
- Smooth Vinyl Surface
- Eliminates Mat Burns

Product Life Expectancy: 15+ years

# Training Series MMA Mat

The Zebra 1.5" Training Series MMA Mat is identical to the Pro Series, but with 1/2" less protection. The 1.5" Training Series MMA Mat is specifically designed for MMA training, "No-Gi" Grappling, Jiu-Jitsu, and Law Enforcement Training. Available in Black, Red, Blue, Gray, and Digi Camo (additional charge).

The 1.5" Training Series MMA Mats are made with a high-quality, multi-density rebonded foam core that provides superior impact protection, while its softer foam core makes it perfect for those lengthy rolling and grappling sessions. Zebra's MMA Mats feature a smooth **non-slip vinyl surface** that eliminates mat burns and makes them easy to clean, and comes complete with an anti-skid bottom for stability. Utilize the Zebra MMA mats to mat your entire training center or simply the inside of your cage area.

# Tatami Grappling Mats

The Zebra 1.5" Grappling Mat is the premier mat for traditional martial arts training centers. The Grappling Mat utilizes a multiple foam density technology that provides the ultimate shock absorption and impact protection for throws and takedowns. Its firm, tatami-textured vinyl surface allows for fast movement while providing sure footing for superior performance for all martial arts. This all-purpose mat also features an anti-skid bottom for stability. The Zebra Grappling mat has become very popular among Judo, Hapkido, and Aikido Dojos, Jiu-Jitsu academies, Law Enforcement training centers, and Striking Arts schools that incorporate grappling into their curriculum.

# Tatami Combo Mats

The **Zebra 1.0" Combo Mat** was specifically developed by Zebra for stand-up martial arts training, such as Karate, Tae Kwon Do, Kick Boxing, and Kung-Fu. The Zebra Combo Mat utilizes the same multiple foam density technology as the Zebra Grappling Mat, but in a 1" thickness. The Combo Mat provides a firmer surface for kicks and spins, yet still provides enough shock absorption for limited takedowns and grappling. The Combo Mat is covered in tatami-style textured vinyl and features an anti-skid bottom for stability.

# YOGA Mat

The Zebra Yoga Mat was developed specifically to meet the demands of yoga practice making it the ideal permanent flooring solution for yoga studios. Each individual mat measures .5" x 39.4" x 79.8" and is covered in a tatami textured vinyl and features an anti-skid bottom for stability. The tatami textured surface offers superior traction to a hard wood floor for difficult yoga poses and can easily be wiped clean making it hassle free to keep your studio fresh and tidy. The Zebra Yoga mat is available in tatami green and gray.

**Product Life Expectancy: 15+ years**

## Steamtown Hot Yoga Scranton, PA

"The Zebra Yoga Mats have been in my studio for 30 months now and my students remark—especially after going to other studios—that this is the nicest and best floor they have ever worked out on. It is nearly non-slip which is a big change from other materials and as my other teachers have pointed out they don't get the strange spine and foot calluses they used to get from practicing on carpet or other materials. There is nothing better! Some twenty-year veteran teachers have recently put it into their studio and are getting more students praising it every day. Every studio which uses it absolutely loves it. I have tried everything and this is the absolute best flooring for yoga."

# Puzzle Mats

The Puzzle Mat, or inter-locking mat system, is a quick, easy, and affordable way to mat your entire floor. All puzzle mats are made of a 6 lb/cu. ft. density EVA foam in a 40" x 40" interlocking tile dimension, and are completely waterproof. Zebra Puzzle Mats are double-sided (double color), truly reversible, and come complete with two border strips. Puzzle mats can be cut and installed wall to wall easily.

**The Zebra 1-5/8" Grappling Puzzle Mat** is designed specifically for MMA and grappling arts such as Judo, Jiu-Jitsu, Aikido and Hapkido. The 1-5/8" foam protection provides a safe and comfortable surface for throws and takedowns. The Zebra Grappling Puzzle Mats also feature a tatami-textured top surface simulating the surface of the high-quality Zebra Tatami-style Grappling Mats. The interlocking seams are very tight and will virtually disappear once installed. The 1-5/8" Zebra Grappling Puzzle mat is available in Red/Blue.

**The Zebra 1.0" Puzzle Mat** is the perfect mat for stand up martial arts schools that are budget conscious. The full 1.0" thickness provides firm, sure-footed support for stepping and kicking drills, yet absorbs shock for jumping, controlled takedowns, and falls. The Zebra 1.0" Puzzle Mat features a smooth, non-slip surface texture designed for barefoot and soft shoe martial arts training. Perfect for Karate, Tae Kwon Do, and the Striking Arts! Available in Red/Blue, Red/Black, Black/Gray, Black/Green, and Woodgrain/Black.

## Wall Pads

**Zebra Wall Pads** are the perfect way to protect and keep your students safe while giving your gym a finished, professional look. Zebra Wall pads are wrapped in a tough 18 oz. vinyl and manufactured with a 1/2" Plywood Backing and a 1.5" polyurethane foam core, giving the wall pad an overall thickness of 2". Zebra Wall pads come with a 1" lip on the top and bottom for easy mounting to the wall. Zebra recommends using the Aluminum Channeling to mount our wall pads, but they can be bolted or screwed directly into the wall. Available in red, blue, black, and gray.

*Xtreme Couture MMA | Las Vegas, NV*

**Aluminum Wall Channel** is the fast and simple way to mount your Zebra wall pads. The wall pads fit into the channeling securely and lock-in at the top for a smooth, neat appearance (no ugly screws or bolts to cover up). Each aluminum channel set includes two J channels and one Z channel and holds three wall pads.

# Zebra Portable Solutions

**The Standard Zebra 1-3/8" Folding Mat** is lightweight & portable, great for home use! The perfect mat for martial arts of all kinds. Our Folding Mats are filled with 1-3/8" Cross-linked Polyethylene and are available in three different sizes, folding into 2' section panels for ease in handling and storage. Our folding mats are upholstered with a tough 18 oz. vinyl fabric on both sides. Mats come with Velcro on all sides.

**The Deluxe Zebra 2-3/8" Folding Mats** have a 1-3/8" XLPE core laminated to a 1" thick polyurethane sheet. The XLPE gives you a firm surface to perform kicks and spins, while the Polyurethane provides a shock absorbent landing for throws without bottoming out. These mats are available in two sizes (5' x 10' and 6' x 12') and have 2' wide panels with Velcro on all four sides. All Zebra Folding Mats feature a durable 18 oz. vinyl fabric cover. The polyester base fabric provides excellent tensile strength that resists abrasions, tears, and punctures. Available in Blue or Black.

**Great for Throwing Arts!**

**2-3/8" EXTRA THICK**

**Half Grappling & Half MMA Mats** are the perfect solution for those who want the highest quality and safest mats on their floor, but share facility space and need to pick up and put down their mats regularly. Do NOT settle for roll out mats when you can have the best. These mats are the exact same mats as the Zebra Grappling and MMA Mats, but in a 1m x 1m size. The Half Mats can be easily picked up and put down regularly, and transported away with the Zebra Mat Cart (see below). Available in Green, Red, Blue, Black, Gray, and Yellow.

**Zebra Mat Carts**—the ideal way to transport Zebra Mats, and perfect for those who need to set up and breakdown their mat area each day. Constructed of 2" square tubing with 12 gauge steel tops, each cart also has two swivel and two straight wheels for easy steering. Each cart will hold 35-40 grappling or MMA mats and 65-70 combo mats. Available in both 1m x 1m and 1m x 2m dimensions.

**Zebra Event Series Cages** are manufactured with the highest grade steel material and padded with the highest density foam products making them the strongest, most durable, and safest cages available on the market today. Utilizing a superiorly designed “No Bolt” frame system, Zebra Cage panels quickly assemble together making set-up and break down fast and easy. Super strong poles with large 12" bottom plates are expertly welded together to minimize movement and eliminate bounce in the cage floor. The Cage Panel walls are made of the strongest and heaviest gauge vinyl-coated chain link fencing that eliminates bending so the cage always stays tight. Strong steel tubing is welded together and built to take the toughest abuse. Our cages are built to last a lifetime.

**Zebra Event Series Cages** come 100% complete and ready to be set up quickly with a standard 36" floor height (custom heights available), one (1) cage door and one (1) set of all steel, free-standing, ring steps. These cages include floor padding and a vinyl mat cover with attached aprons. Every cage features two (2) corner posts with Zebra Logos. All assembly hardware and installation instructions are included. **Wood Planks NOT included.**

# Cage Panel Walls

**Zebra Cage Panel Walls** allow you to turn your martial arts facility into a fully functional mixed martial arts gym. They can be attached and configured to simulate the corner of an Octagon or Hexagon as well as create 90 degree turns or straight runs. Zebra Cage Panel Walls can be used to separate grappling and striking areas, enclose your grappling mats for a functional MMA space, or protect your walls and mirrors.

**Zebra Cage Panel Walls** are built with the same high quality grade steel as the Zebra Floor Mount Cages and come in 10-ft sections. Each panel is connected to a 4" square steel pole that bolts right into the floor for the ultimate stability. Zebra Cage Panel walls come complete with 1/2" closed-cell foam and 18 oz. vinyl with hook and loop Velcro fasteners for the top and bottom of the panel wall and corner cushion for the pole. # Sport Flooring

**Zebra Weight Room Puzzle Tiles** are made from heavy-density, recycled rubber. It stands up to the punishment of fitness and workout areas while protecting your existing floor and equipment. The product is ideal for use in weight rooms, exercise or cardio areas, and circuit or performance training centers.

**“Wood Flex” Group Exercise Flooring** is a three-component wood flooring system, designed specifically for performance for health and fitness activities. The system is completely free-floating, not being held to the subfloor in any fashion. The three components are as follows:

**I. Solid Hardwood Flooring** - is prefinished tongue and groove planking. The wood surface is 7/8" of solid hardwood, allowing it to be sanded and refinished a number of times. Boards are 5 inches by 7 feet in length.

**II. Installation Clips** - are manufactured of tempered spring steel. While not only holding the boards together, the steel clips also allow the boards to deflect along the tongue and groove joint upon impact and subsequently snap back into place, allowing for ideal shock absorption for the athlete.

**III. Cushioning System** - is a 3/8" closed-cell polyethylene aerobic foam. This allows the boards to be cushioned as they flex along the tongue and groove joints upon impact. The foam layer allows the shock to be dissipated and taken away from the participant's body. This system was created to ensure that no matter what the activity or conditioning level of the participant, it will provide immediate and precise shock absorption and supreme comfort for your instructors and athletes.

**This product comes with a full three-year warranty.

# Zebra Accessories

**Zebra Mat Frame**—keep your mats where you want them and improve their appearance, all in one step. The frame kit is made of oak and comes with pre-drilled, countersunk holes, screws, and even caps to finish!

**Zebra Underlayment**—Whether you have puzzle mats, combo mats, grappling mats or folding mats, you can put the Underlayment under your mats for added protection and a softer feel. Our Underlayment is a 2 pound density XLPE (cross-linked Polyethylene) closed-cell foam. It comes in 1/2" x 5' wide rolls. We can custom cut to any length needed.

**Zebra Mat Tape**—Zebra Mats are designed with an Anti-skid surface on the bottom of the mats to keep them from shifting. However, there are circumstances that Zebra can not control that will cause the mats to shift, such as placing your mats on carpet or on dirty/dusty floors. Zebra Mats came up with a solution. The new Zebra Mats, Mat Tape.

This tape will hold your mats in place whether you're putting them on concrete, hardwood floors, linoleum, or carpet. It's also very easy to use. Just flip up the mats on the outside edge of your work area and stick the tape to the floor. Then put the mats back in place and you're done. When you want to move the mats, simply pull the mats up, peel the adhesive off the floor and throw the tape away.

Another great feature of this product is it will not leave any residue on your floor, making it very easy to clean up. The tape is available in rolls 9" wide x 60 yards long. That's enough tape to do a 40' x 40' ring. Why wait? Place your order today and stop worrying about those pesky gaps in your mats, Order now!

# Cleaning Accessories

**Zebra Mat Scrubber** professionally cleans your mats in one seamless operation. You will be able to clean your mats faster than ever. The dual action scrubbers get deep into the tatami texture to get every piece of dirt and grime out. Your mats will look like new.

**Zebra Mat Vacuum** makes cleaning very easy, even in areas with limited space and hard to reach areas, like closets and stairs. Its ergonomic design, adjustable harness and light weight provide a unique user comfort. With its three-stage filtration and extremely low noise level the backpack vacuum is suitable for even most noise-sensitive areas. The hot-air exhaust is placed in the back for cooler operation. The backpack can also be placed on the floor while in operation. Zebra Mats recommends that you vacuum your mats before you mop them.

**Zebra Mat Mop** is a bucket-less mat mop with a "free flowing" feature that allows the pad to move easily over the mat surface. The mop head utilizes a new micro fiber technology that literally "scoops" the dirt off the mat and "traps" it between the micro fiber strands resulting in a cleaner mat, along with a quicker application and dry time. The mop heads can be laundered and reused up to 200 times before needing to be replaced. Each Mop comes complete with one mop head.

**Zebra Mat Cleaner** is the perfect way to keep your Zebra Mats clean and looking like new. This neutral disinfectant cleaner utilizes a one step, no rinse formula that kills the new MRSA "superbug" while it cleans, shines, deodorizes, and disinfects all non-porous surfaces. Available in a one-gallon concentrate for heavy cleaning, and a one-quart spray bottle for daily disinfecting and spot cleaning.
